

The “Performance Standard” in Digital Imaging

ZEN-5000

Light, powerful, versatile, performance C-Arm!
There is economy, touring and ZEN-5000.

Touchy, Stylish,
Performance C-Arm

Light, powerful, versatile, performance C-Arm!
There is economy, touring and ZEN-5000.

With Performance C-Arm **ZEN-5000**

A new level of **Clarity** and **Power**

Features

- Stationary anode tube
- Superior image quality through high definition image intensifier
- Large field of view and tri-field 9" image intensifier
Auto brightness control
- Automatic shut-off to prevent overheated with error message
- Contrast ratio 30:1(10% area contrast)
- Noise reduction, edge enhancement, image rotation,
positive/negative image, zoom, up/down/left/right image rotation.
- Virtual collimation
- 100,000 image capacity with ZENIS system
- DICOM 3.0 with ZENIS system
- Cine loop function with ZENIS system
- Easy collimation setting on control panel
- USB image storage with ZENIS 2 system
- Counter balance - User can make any kinds of C-Arm position
without locking
- Pulsed Fluoroscopy - Maximum 10mA
- DSA and RSA available as an option

High Resolution 1M CCD Camera

1K x 1K high resolution CCD camera makes sharp and keen medical images, which make it very fit for the most superior hospital as the best C-Arm.

Touch screen operation panel

- Easy control for shooting condition
- kV, mA control, saving image, image management, select part to shoot, collimator control, and etc.

Real Time Display

Sharp Contrast

Surgery Assistant

Unlimited Application
